

## 2016 TAX CREDIT INFORMATION

*Note: Tax credits that were 30% up to \$1,500 EXPIRED on December 31, 2010.  
Pub.L. 114-113 extended the original code section 25C credits at the 2006 levels.*

This Manufacturer's Statement provides the documentation needed to receive a tax credit for Thompson Creek Window Company's windows and doors, as defined in the "Consolidated Appropriations Act, 2106" (Pub. L. 114-113). The new law modified the Energy Star® qualifications for eligible products installed in 2016. Tax credit information for 2017 will be added to this web page as soon as all eligible products are confirmed.

### How to qualify for the 2016 Tax Credit:

1. To qualify for the energy tax credit, homeowners must purchase and install ENERGY STAR®-qualified windows, doors or other eligible products.\*
2. Consumers can claim a credit of 10% up to \$200 of the purchase price on qualifying windows and/or 10% up to \$500 of the purchase price of qualifying doors for a total of \$500. The tax credit is for cost of the product only and does not include installation costs.
3. Tax credits under this law are capped at a **cumulative lifetime total of \$500 for all qualifying products** installed from January 1, 2006 – December 31, 2016. See your tax advisor to check your eligibility.
4. Purchase and install qualifying products beginning January 1, 2016 through December 31, 2016.
5. Save a copy of this document and the purchase receipt in order to claim the tax credit on your Federal filing for the 2016 tax year.

### Manufacturer's Certification Statement - 2016

Thompson Creek Window Company certifies that windows and doors sold and installed by the Company in 2015 are eligible building envelope components and qualify for the Code Section 25C residential energy tax credit as extended by the Consolidated Appropriations Act, 2016 (Pub. L. 114-113).

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.
